

## Park and Rec Minutes

9-14-2020

Present: Diana, Karl, Bruce Dick and John

Absent: Colby

Meeting called to order by Karl at 5:35 pm. Minutes from August were approved as written. Motion by Diana and seconded by Bruce. Motion carried.

Old Business:

Signs at the Lake: We still need to mark the spots and dig the holes for them.

John is to check on the completion of the new shelter house by the swimming pool.

Commissioner report: Nothing

Are there any types of boats (such as wake boats) that can be banned from the lake that cause waves that's ruining the docks and shorelines? This will be addressed before next season.

Site #23 has moved his tote and cleaned up around his camper.

Karl: Josh White has put in a dock without signing dock forms or giving description of dock to the committee prior to doing so. He did not have the go ahead to put it in. The City Commissioners did not give him authorization either. White said he had talked to John about it but John says he did not give him permission to put it in. John and Dick will look into it. The swimming pool still has water in it and it is circulating. It will need to be winterized soon. Still need a cover over pool equipment.

John: No budget review.

The new shelter house is still not completed. John and Dick will talk to Mark Compton.

The Flea Market is still planning to be held. Mr. Groshong will keep 2 campers out at the lake for a week.

Need lights on at BB courts. John talked to the electric guys and they can't find replacement parts.

John will have the pool drained this week. He plans to use the water from the pool to flush sewers.

A motion was made by Diana to adjourn the meeting. Bruce. Motions was seconded by Bruce. Motion carried.
